2 April 1947

Advisor for Management, ICAPS

Mobilization Plans

1. Paragraph 6, letter from Chief of Naval Intelligence dated 3 December 1946, subject: "Mobilization Plans", is quoted below:

"It is strongly recommended that C.I.G. nominate by name to CNI those C.I.G. civil employees who are retired Regular officers or who are Naval Reserve officers on inactive duty whom C.I.G. wants to remain in C.I.G. upon mobilization. CNI will endeavor to have them assigned billets with C.I.G. insofar as compatible with naval requirements."

2. Please call for a report to reach this office by 15 April and on the 15th of each month thereafter, showing by name, rank, and serial number, the office or staff section to which assigned and the position occupied, all CIG civilian employees who are retired Regular Navy officers or Naval Reserve officers on inactive duty, together with a statement from the Assistant Director or Chief of Staff Section concerned in each case as to whether it is desired that the individual concerned be given a mobilization assignment to CIG.

3. So far as I know we have received no reply from our mobilization plan proposal to the War Department. However, pending the receipt of War Department report, please obtain a similar report on all retired Regular Army officers and Army Reserve officers on inactive status who are employed by CIG as civilians.

4. Action on the remaining Naval problems concerned with the desires of CIG for mobilization planning has been deferred until 1 June as we are not yet in a position to take positive action on the other requests made by the Navy.
